Health, safety and ergonomics policy

This policy applies to the factory sites Adient Hungary Kft. Hammerstein u. 2. and Adient Hungary Kft. Hammerstein u. 5.

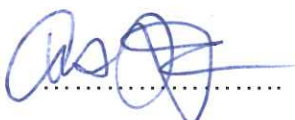

Adient Hungary Kft. is committed to comply with the ISO 45001:2018 Occupational Health and Safety Management System in accordance with the AE-BOS-PY-01- BOS Policy.

Adient Hungary Kft. is committed to providing a safe working environment by making its employees aware that unsafe work practices and unsafe working conditions are unacceptable.

We are committed to providing all employees with a safe working environment and necessary personal protective equipment.

According to our accident and occupational safety management system implemented at BOS:

- we are committed to the prevention of all injuries and occupational hazards, to the continuous improvement of the accident and occupational health and safety management system and to consultation with employee representatives.
- we comply with all relevant legal and other requirements, adapting to the safety and occupational risks specific to the site.
- we define our health and safety objectives, outline the results to be achieved and regularly review their achievement.
- we promote a culture of transparent reporting of results, making necessary adjustments and learning lessons.
- we are committed to developing a culture of environmental protection, occupational health and safety among our stakeholders and to reinforcing their sense of responsibility for it.
